POINTS IN USING THE COPARTNERSHIP DIRECTORY

1st. Its arrangement is strictly alphabetical.

2d. The words "(no inf.)" after a name signify that the firm or corporation so quoted have been at the address given, but we were unable to obtain definite information as to their present location.

3d. The words "(inf. unattainable)" signify that, notwithstanding diligent effort was made on our part, we were unable to secure the desired information.

4th. Instances will be found where a portion of the information is followed by the words "(further inf. unattainable) no address." Such concerns have filed papers with the Secretary of State at Albany that their operations would be carried on in this city, but we have been unable to locate them, although repeated efforts have been made to do so.

5th. (Example) Henderson Theodore & Co. (Theodore Henderson jr. & John Barnes, only). The word "only," in this example, signifies that some person whose name appears in the style of the firm is not at present a member; in this particular case Theodore Henderson, sr., has retired, although his name appears in the style of the firm.

6th. The abbreviations of the various States following after a corporate title denote that information was given our canvasser that the corporation was chartered under the laws of such State or States.

7th. Names marked (RTN) indicate that such names are Registered in the County Clerk's Office, in accordance with Statutory requirements.

8th. Names marked (TN) indicate that such names are trade names, but we found no record of Registration in the County Clerk's Office.
